

What might you do?

How Might you think Differently?

Why Will YOU keep on this journey?

---

TAKEAWAYS

# Snowstorm

---

## **What might you do?**

- **Challenge Weight-Bearing Restrictions in Hip Fracture Patients**
  - **Optimize our Patients**
  - **Be Stricter with smoking cessation before surgery**
  - **More Education on delirium**
  - **More Education on Mobility**
  - **Be Sensitive to the Patient Experience**
  - **Harmonize Perioperative Glucose Protocols Statewide**
  - **Have a mini-session with teams including patients/Caregivers and Rehab (other post discharge team members)**
- 

## **How might we think Differently?**

- **Collaborate**
- **One person can make a difference**
- **Think Non-linear**
- **Remember the Patient Experience**
- **Celebrate Success**
- **Remember to Include Everyone on the Team**
- **Slower may be Faster**

## **Why will we keep on this journey?**

- **Happier Patients!**
- **Happier Staff!**
- **Eliminate Preventable Harm**
- **Because of the patients**
